Product Description

The AutoMax range of shredders are the World's first truly hands free walk-away auto-feed machines. They are also the most accurate autofeed shredders on the market, meaning you can have confidence that your confidential information will be destroyed. There is a manual feed system to destroy Credit Cards, CDs/DVDs/ Blu-Rays, folded paper and junk mail. Your documents will be shredded into tiny 4x38mm Security Level P-4 particles in 12 minutes or less (depending on the number of sheets entered). Waste shreds fall into the generous 68 litre waste bin that features a mechanism to evenly distribute shredded paper to avoid false bin full interruptions.

- Patented AccuFeed System™ automatically shreds stacks of paper including documents with staples and paper clips. Simply load the drawer, press start, and walk away!
- Shreds stacks of paper up to 350 sheets automatically or 12 sheets at a time manually for 45 minutes, completing shredding jobs in one sitting
- Shreds documents into 5/32" x 1½" cross-cut particles for enhanced security to keep your sensitive information safe
- Also shreds credit cards, CDs/DVDs, glossy paper and junk mail
- Auto Reverse stops and reverses paper jams, reducing time-consuming frustrations
- Spacious 68L removable bin eliminates the need for frequent emptying

AccuFeed System™ Provides fast and accurate automatic shredding for peace of mind that your most confidential documents will be destroyed. Automatically shreds stacks of paper including documents with staples and paper clips. Simply load the tray, press play and walk away. **Jam Prevention** Auto Reverse stops and reverses paper jams, reducing time-consuming frustrations. **Enhanced Security** With identity theft and data breach concerns at an all-time high, the need to protect personal information is more important than ever. Not only does shredding in-house provide immediate security and peace of mind that materials have been destroyed, but AutoMax's optional SmartLock engages with the shred cycle to protect confidential information. Even in the event of a power outage, the drawer will remain locked until the shredding cycle is complete. **Energy Efficiency** The AutoMax auto feed shredder also features our Sleep Mode energy saving feature that shuts down the shredder after 2 minutes of inactivity.

SilentShred™

Offers ultra-quiet performance for shared workspaces.
