

DYMO LabelManager 160P Machine

The Dymo LabelManager 160 puts the convenience of labeling in your hand. The labeler uses AAA batteries which are easy to replace. The LabelManager 160 features a large LCD that not only shows you the text itself, but also provides a preview of all text effects so you do not have to waste labels or guess what they will look like. The text can be customized using one of the 6 font sizes, 8 text styles, as well as 4 different box styles and underlining. The keyboard's QWERTY layout is easy to use and provides a quick way to enter text. In addition to the alphabet keys, the LabelManager 160 provides multiple function buttons so you don't have to deal with cumbersome menus for basic operations. Code: 45001
