Do you want your audience to follow your ideas with excitement? Then write and draw on the Office Depot flipchart paper to give your presentation new impetus. Code: 52010 Read More

SKU: OD2650541

Categories: Flip Charts, Office Depot

Product Description

This Office Depot flipchart paper is a fantastic way to display charts and other math or numeric visual data that you want to present. The blank pages allow you to let your freedom and creativity run wild. Use the block to write, draw and create mind maps.

The paper weight of 70 g / m² makes this flipchart pad a paper with which the ink does not flow through so quickly. Each pad contains 20 sheets with the dimensions 650 x 980 mm, so you have plenty of space for your tables and other graphic presentations. When you're done with a page, you can simply use the tear-off edge to remove it or turn the page over. You will receive 5 blocks of 20 sheets each.
