Product Description

Whether you want to create a semi-permanent table to note down pros and cons during the brainstorming session, a board to play cross and noughts with your students or you need some additional magnets to pin your notes, this strip will always come in handy. Thanks to its self-adhesive magnetic backing it can be easily attached to the magnetic board and removed with an blink of an eye when the task is done.

Strong and durable yet easy to cut with scissors to the desired length, this black tape is reusable and can be attached to the whiteboard as many times as needed. The Niceday magnetic grid strip measures 3 x 0.9 x 3000 mm (W x D x L) and comes in a convenient roll for easy dispensing.
