### Product Description

The old problem - you have a thick file folder in front of you and first have to leaf through it from cover to cover to find the one document that you need right now. Make your work easier with the practical dividing strips from Office Depot. With its bright yellow color, you can find every document in a flash and keep track of your documents.

This rectangular helper will save you a lot of time and money. Simply label the strip and categorize all your documents with ease. The dividing strips are made of sturdy manila cardboard and have a grammage of 190 g / m<sup>2</sup>. Thanks to the 2-hole perforation, you can easily attach them to all DIN A4 folders. This pack contains 100 Office Depot dividing strips.
