Product Description

For the big business executive or you own private office at home, the Maine executive chair model by Realspace will work just as well in any environment and give its user superb levels of comfort. Give your working position a sitting piece of furniture that will sure boost you productivity through its multiple customisable features to make your sitting experience more comfortable than ever before.

Maine chairs benefits from adjustable seat height between 580 and 490 mm, making it ideal for users who wish to set their chairs at specific heights and have their desk surfaces exactly where they want it. Additionally, the chair possesses several other handy aspects, including lumbar support, permanent contact reclining mechanism, basic tilt and even being fire retardant.

Features bonded leather cover for the seat and a metal starbase with five castors to easily move the chair around any flat surface. Enjoy its plentiful seating area with a 685 mm high backrest and a seating surface measuring 505 x 482 mm (w x d). This Realspace chair has overall dimensions of 1280 x 600 x 480 mm (h x w x d) and comes in black to add a touch of elegance to your office.

This chair is tested on fire retardancy according to the EU standards and the domestic UK standard as followed: EN1021-1, EN1021-1, BS7176, BS5852.

The castors supplied are self-braking castors.

The castors are suitable for soft floors.

The height of the armrest is 227 mm.
