Product Description

[maxbutton id="1" url="https://youtu.be/F939ndbuZeM" text="Video"]

The Leitz ergo active sitting & standing stool enables flexible working while sitting or standing, WAS promotes muscle movement, improves body posture and enhances energy. This is a 2-in-1 solution because you can adjust the height to a perfect seat height, similar to an office chair, but also to a perfect standing height - with a much higher size setting than other standard stools. It has a rounded pedestal for active sitting through swiveling and tilting while you are working, in order to strengthen your back. The height can be adjusted easily between 46 - 79 cm and the stool remains stable and stable at all heights. This comfortable and convenient ergonomic stool has a breathable foam seat covered with 3D air net and a non-slip base that does not damage your floor. With its minimalist design and matt colors, this stylish stand-up stool improves health and well-being by effortlessly creating the perfect active work setup. Combine it with other Leitz ergo Cozy products for an inviting and flexible workplace that keeps you moving all day.

- With non-slip surface to protect the stool and floor. Plastic free packaging. The Leitz ergo Cosy series combines style with premium quality to create a healthy and active working environment.
